HAT TRICK IN BROWARY WARSZAWSKIE!

GET READY FOR THE GAME WITH RL9!

Restaurant, Sports Bar and Fan Zone with a real stadium stand.

Over 1,300 m2 of emotions in the interior plus a garden with a fountain in the middle. 4 levels of the historic 19th-century Brewery - the heart of the Browary Warszawskie. Each zone is a different experience. A different story, but the same love for sport and food.

You are in a place that is supposed to be a true Temple of Sports. We want to thank those who inspire us for their commitment, persistence and motivation. Regardless of whether you win or lose, remember that the perfect motivation on the way to your goal are other people - those who achieve these goals. We invite you to join our team and create a unique place full of great emotions - not only those on the pitch. Let NINE'S be the beginning of our joint adventure in the spirit of sport and fair play.

BE OUR BIGGEST FAN.
Robert Lewandowski with NINE'S Team

3,2,1... ACTION!

RELEASE YOUR EMOTIONS

EACH ZONE IS A DIFFERENT EXPERIENCE, BUT THE SAME LOVE FOR SPORTS.

FAN ZONE

The real Stadium Stand and the screen with the diagonal of 180 inches! This is where we broadcast the greatest sports events and organize conferences as well as business meetings.

RESTAURANT

Additional restaurant floor as well as space for the corporate and private events - together with the Fan Zone, or independently.

RESTAURANT

The main space of the restaurant. This is where you will find our Antipasti Pretzel Bar and the place where we produce our famous nourishing almond „milk”.

SPORTSBAR

Over 20 screens and an octagonal bar broadcasting sport events daily. Perfect place for sharing food and spending time with friends during an evening full of emotions.

NEW SPECIAL STEAKS

Our offer now includes unique steaks from Podlasie. Hareford cows are fed with hay and grass, and in winter mainly with corn, which significantly improves the quality of the steaks. The meat is very tender, delicate with a noticeable hint of sweetness. At NINE's we serve steaks from heifers, because their meat is much more delicate than from bulls. We offer both dry and wet seasoned steaks.

WET SEASONING

This is the most popular method of seasoning. Selected pieces of meat are vacuum sealed in special bags. Such elements are stored in a cold store and aged for about 14 days. During this time, the enzymes found in the meat, under the influence of natural biochemical reactions, change the structure of the meat. It becomes more loose, brittle and delicate.

DRY SEASONING

The meat is seasoned with the bone, which ensures that the structure of the muscles is maintained. The bone is also a factor causing condensation of the beef flavor. Such seasoning also eliminates the shrinkage of muscle fibers during frying, which affects the tenderness of the meat. The meat is hung in refrigerators with special conditions: temperature 2-4 degrees Celsius, humidity 80-86%, forced air circulation. During dry aging, significant weight loss occurs due to the evaporation of water in the plasma. The loss ranges from 25-50%. Dry aging is considered a more noble method because it develops the flavor and aroma of the meat better.
